In 2028, we bid farewell to Southwestern State College with a heartfelt celebration captured beautifully in a photograph by Nischal. It was a day filled with joy and nostalgia, as students and faculty came together to commemorate the end of an era. The memories made throughout the years lingered in the air, evoking a sense of gratitude and appreciation for the experiences shared. As we reflected on our time at Southwestern State College, a wave of fondness washed over us, acknowledging the profound impact it had on our lives. Working with the incredible team at the college had been an absolute pleasure, as we fostered a sense of unity and collaboration that made every moment worthwhile. The farewell marked not just an end, but also a beginning, as we carried the cherished memories and lifelong friendships with us, ready to embark on new journeys with a deep appreciation for the time spent at Southwestern State College.
